

National Atmospheric Deposition Program
Fall Meeting 2010, Lake Tahoe, CA

Data Management and Analysis Subcommittee minutes

October 19, 2010

1. Motion to Approve Spring Minutes, moved by Tom Bergerhouse, seconded by Bob Larson, motion carried
2. Discussion: Related Networks section on the NADP website with links to Airmon and Castnet. Linked websites need to meet certain criteria before linking to NADP website.
Bob Larson will provide document with requirements.
3. Presentation by Greg Wetherbee: Evaluation of Bias between E-Gauges and Belfort Rain gauge.
Belfort compares well. See poster for data.
DMAS need to examine data loss with the implementation of the e-gauges.
4. Presentation by Mark Rhodes: Network Quality Rating Codes
Recommendation: Investigate uniform criteria between all networks using A, B, C QR codes.
5. DMAS Secretary Election.
Kevin Mishoe nominated to be DMAS secretary, elected to position.
